

## SCHOOL BUS INFORMATION FOR 2010-2011

**ELIGIBILITY.** Busing is provided for students living beyond the district-mandated 3-mile walking area who have purchased either a bus pass or courtesy tickets. Inter-district and intra-district transfer students do not qualify for district transportation.

**A BUS PASS OR COURTESY TICKET IS REQUIRED** for admittance to the bus. All students must either show a pass or present a ticket every time they board the bus.

**APPLICATIONS AVAILABLE AFTER JULY 1.** Either print from the webpage or call the Transportation Department to have one mailed. Incoming freshman and new students to the district must provide a photo—see application for photo specifications.

**BUS PASSES** are not issued while you wait. If you apply in time, passes will be mailed home along with route information; otherwise, passes will be sent to the attendance office for pick-up after the first day of school. Beginning Monday, July 26, the Transportation Department office will be open from 7:00 am-3:00 pm.

**ROUTES** are finalized a week before school begins and will be available at school or at Transportation. Routes will not be published online. Remember: If you apply early, route information will be mailed to you with the bus pass.

**COURTESY TICKET BOOKLETS.** Eligible students may purchase ticket booklets through either the school attendance office or the Transportation Department. Single tickets can be purchased at the attendance office. Please note that students must show a current school ID or class schedule when presenting a ticket to the bus driver.
